Choosing and Using Movies from the Lord's Side of the Line

Compiled by Steven K. Jones

GUIDING PRINCIPLES FOR MAKING WISE MEDIA CHOICES

"All safety, all righteousness, all happiness are on the Lord's side of the line . . . All that enriches our lives and prepares us for eternal joy is on the Lord's side of the line."(George Albert Smith, Conference Report, Oct. 1949, 5-6)

Learn to Discern

Teach the difference. And they shall teach my people the difference between the holy and the profane, and cause them to discern between the unclean and the clean. (Ezekiel 44:23)

Live well within the area of good. "To your right are all the good things that can be done in life. The further to your right, the better they are. To the left are all the wrong things that can be done. The further to the left, the worse they are. In the middle, it is difficult to discern between what is good and what is bad. This middle area is where Satan works with righteous people, the twilight zone where you cannot clearly discern what is good and what is bad. It is easy to become confused here. Live well within the wonderful area of good the Lord has defined. If you are not sure whether something is appropriate to look at, listen to, to think about, or to do, then avoid it." (Richard G. Scott, "Do What is Right," CES Young Adult Fireside, 3 Mar 1996)

Touch not the unclean thing. "And now I say unto you, all you that are desirous to follow the voice of the good shepherd, come ye out of the wicked, and be ye separate, and touch not their unclean things." (Alma 5:57)

Use "Scripture Based" Rating Systems

Using these guidelines instead of the world's could dramatically improve our media choices.

The way to judge. "Wherefore I show unto you the way to judge, for every thing which *inviteth to do good, and to persuade to believe in Christ*, is sent forth by the power of Christ; wherefore ye may know with a perfect knowledge it is of God." [italics added] (Moroni 7:16)

We seek after these things. "If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things. (Articles of Faith 1:13)

For the strength of youth. "While much entertainment is good, some of it can lead you away from righteous living. Offensive material is often found in concerts, web sites, movies, music, videocassettes, DVD's, books, magazines, pictures, and other media. Satan uses such entertainment to deceive you by making what is wrong and evil look normal and exciting. It can lead you into thinking that everyone is doing things that are wrong. Do not attend, view, or participate in entertainment that is vulgar, immoral, violent, or pornographic in any way. Do not participate in any entertainment that in any way presents immorality or violent behavior as acceptable." (*For the Strength of Youth*, 17.)

Apply the Practices of Media Wise Parents

1. Hold family councils to decide what your media standards are going to be.
2. Spend enough quality time with your children that (you) are the main influence in their lives.
3. Make good media choices yourself and set the example.
4. Limit the amount of time your children watch TV or play video games or use the Internet.
5. Use Internet filters.
6. Locate computers and TVs in much used common rooms.
7. Take time to watch appropriate media with your children and discuss with them how to make choices that will uplift and build rather than degrade and destroy.

Use "Keys" to Unlock Understanding

Key quotes, ideas, principles, and scriptures are provided for most of the movies on the list. These "keys" unlock the principal messages in the films and provide a basis for discussing the stories together as a family.

Use them before watching a film to give viewers something to "look for."

Example: In the movie, *Captains Courageous*, Harvey's father gives him forty dollars for spending money. Working on a fishing boat for three months Harvey earns nine dollars. Look for the reason that the nine dollars he earned meant so much more to him than the forty-dollar allowance.

Ask questions or make relevant comments during the movie.

Example: In the movie, *To Kill a Mockingbird*, a neighbor boy eating with the family pours syrup all over his food. How should we treat people who do things differently than us?

After the movie start a discussion by quoting key quotes or asking good questions.

Example: Think of a scriptural character that had the kind of courage that Father O'Flaherty demonstrated in *The Scarlet and the Black*. (Possible answers: Captain Moroni, David, Nephi, or others.) Where does that kind of courage come from? (Relying on the Lord for strength).

Read More About It

Use a search engine on the Internet to find additional details or information.

Example: Alvin York's diary gives inspiring details about how a power greater than man helped him win the battle.

Go to the library or search online for the books on which the movie was based.

Examples: Ben Hur, A Christmas Carol, The Little Woman, biography of Gladys Aylward (*Inn of the Sixth Happiness*), I am David, Summer of the Monkeys, To Kill a Mockingbird, and so forth.

User Friendly Web Sites

A wealth of information is found on the Internet.

Internet Movie Database (IMDb.com) By far the most comprehensive database anywhere. Links found on the left-hand side of the home page contain insightful information: User Comments, User Ratings, Memorable Quotes, and especially, External Reviews, which serve as links to the following sites:

Decent Films (decentfilms.com) Movies reviewed from a moral standpoint. Rates them on recommendability, artistic and entertainment value, moral and spiritual value, and audience.

Christian Spotlight at the Movies (Best reached from IMDb, External Reviews) Gives helpful reviews and moral guidelines. Occasionally reviews are not in harmony with Church standards.

Screen It! (Best reached from IMDb, External Reviews) Reviews with detailed information on fifteen categories of objectionable material (violence, sex, profanity, imitative behavior, disrespectful attitudes, and so forth).

We Seek After these Things

Many uplifting movies cannot be found in the theaters, TV and some video rental chains.

Where to look:

Public Libraries. The best and least expensive source of movie classics.

Online. Some of the classics are only found online: Made for TV movies such as *Heidi* (1993), *Les Miserables* (1978), *Four Feathers* (1977), and *The Scarlet and the Black*;

Old classics such as *The Life of Emile Zola* (1937), *Madame Curie* (1943), *Random Harvest* (1942), and *Gentlemen's Agreement* (1947).

Video Rental Stores. Look for the ones with a Classic Movie section and those who offer edited versions without objectionable elements.

Department/Book/Media Stores. More and more classics are showing up on the shelves. The key to obtaining them lies in knowing which of them are classics.

Remember the Promises

In the wayward world in which we live, promises of safety, righteousness, happiness, enrichment, and joy are worth pondering. Keeping them foremost in our minds and hearts supplies the motivation to make the necessary effort to both find and use uplifting media.

"And now, if (we) know these things, happy are (we) if we do them." (John 13:17)
